

# **IBSAR<sup>®</sup>** **School of Law**

## **Criteria 4**

### **4.3: IT Infrastructure**

**4.3.2. Student-Compute/ Laptop ratio (Data for the latest completed academic year).**

#### 4.3.1

IBSAR SCHOOL OF LAW has well established facilities and systems to get proper global knowledge to the students. It ensures the access of the digital systems to the students helping them to online learning, educational sources enabling students to explore variety of topics and subjects.

Institution frequently updates its facilities which are as follows:

1. LCD projectors in classroom:

Institute has various LCD projector in classroom for increasing their digital knowledge. Institute faculties uses this projector making it easy for teacher to integrate technology into their lesson. A variety range of educational session are displayed on projector increasing the interest of students in academic learning. Institute conducts presentation programs for students where students raise their confidence to present and speak, enhancing the learning experience for teachers and students.

2. Technology assisted learning:

Institute provides technology assisted learning which involves the use of technology to enhance the learning experience to the students. Institute faculty uses the technology assists in delivering courses and educational content by using internet which includes video lecture, interactive quizzes and discussion forums which makes the learning interesting. Various online tests are conducted by using digital sources which provide immediate feedback on assessments which helps students track their progress and make improvements.

3. CCTV camera for security:

Institute has CCTV camera in various areas of campus premises for the security of students and staff. It helps in monitoring each and every activities in the premises. College uses the CCTV to monitor student behavior, promoting safe and respectful

environment. The CCTV cameras can discourage destruction, theft and other criminal activities in campus.

4. Internet Connection:

Institute has WIFI facilities in premises allowing internet access to the students. The internet offers the extensive information, allowing students to access research materials, articles and academic resources quickly and easily. Students are able to conduct research using online database, journal expanding their academic horizon and supporting their assignments and project. The online tools make easy for the students to communicate and clear their queries with faculty.

5. Library:

Institute has well organized library for students. Library provide access to wide range of academic resources including books, journals, reference books and research papers enriching the learning experience. Library also provide quite and focused environment for studying, conducive to academic productivity. To maintain Library discipline and distribution of books college provides library cards for every students and its record is being regularly maintained by library assistant. Library books are frequently updated as per new edition of books published.

6. IT Examination Portal:

Institute uses IT examination portal to keep track on various examination process and updates. IT portal helps the examination process, from registration to result declaration, reducing administrative workload. This IT portal helps students register for exams, receive notification, and access study materials online making the entire process more convenient.

7. Online Software Admission Portal:

Institute uses CET cell for admission process for students. It promotes transparency in the admission process by conducting merit-based selection of students. This online portal helps the college to maintain the process for conveniently. Also this helps

to reduce the chances of favoritism or bias. CET cell provides equal opportunity to all eligible students to secure admission based on their performances regardless of their background. Institute also has college official website which is regularly updated which helps students to gain the detailed description about the available courses, academic department and examination schedule etc. Institute also updates the extra curriculum activities so the students can have information about college activities.

8. Use of Tally for accounting and auditing:

Institute uses tally for accounting and auditing which reduces the time and effort required for data entering, calculation and record keeping. Tally also minimizes various errors ensuring the financial records and calculations are precise. It also helps to generate wide range of financial report such as balanced sheet, which is important in financial planning.

## STUDENT'S COMPUTER / LAPTOP RATIO

Academic Year 2022-2023

Following is the student's computer/laptop ratio for academic year 2022-2023

Sr.No.	Number of students for all courses	Total computer	Ratio
1	133	20	Approx. 7

## 1. LCD Projector in Classroom

## 2. Internet Connection in Institute
